## SCHOOL

Trinity Christian Academy empowers students to discover and live out their God-given purpose. We value all students because we believe they are made in the image of God with a purpose. The greatest success is found as we partner with parents who seek to provide the very best for their children. The formative and adolescent years are incredibly significant as each student is becoming the person God will use, and an education at Trinity is geared towards helping each student build a solid foundation for a successful, Christ-honoring future.
